<sup>44</sup> Even where women were awarded ownership of property in the eighteenth century, these cases did not set a legal precedent. Women lived in the space between the law and everyday practices. As Alexandra Shepard demonstrates in the 1720s case of Elizabeth Carter and Elizabeth Hatchett, the connection between chattel property and women could be used by women for significant personal gain through informal networks of lending and borrowing. 'Minding their own business: married women and credit in early eighteenth-century London', *Transactions of the Royal Historical Society*, vol. 25, (2015), 53-74. doi:10.1017/S008044011500002X
