

## ANNEX B

### Examples of Jufeng Flooring Shipped to International Brands

According to shipping records accessed through Panjiva Market Intelligence, Jufeng New Materials Vietnam made 21,847 shipments valued at \$238 million between May 1, 2020 and April 28, 2022. All but 422 of those shipments went to one of 23 consignees in the United States. There is clear evidence that the vinyl flooring and related products Jufeng shipped are being sold to consumers across the United States. Jufeng's products are available at dozens of online sellers, the largest home improvement retailers, and even small local businesses.

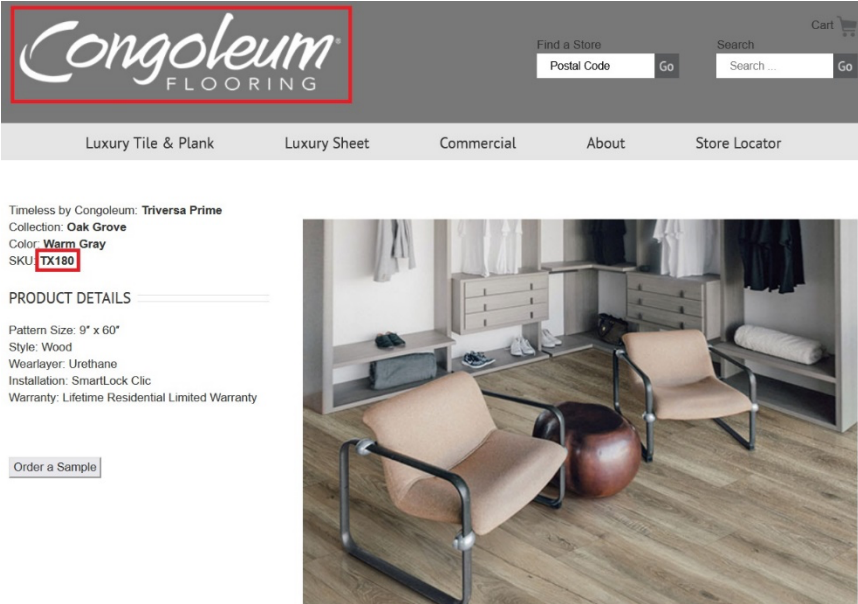

#### Congoleum Acquisitions LLC

Congoleum Acquisitions LLC is one of Jufeng's largest consignees, receiving 2,168 shipments over the past two years. Congoleum, in turn, sells much of the vinyl flooring they receive directly to American consumers. Cross-checking shipping records with available products shows Jufeng flooring models currently available on Congoleum's own website.

**Figure 1: Shipment of engineered vinyl flooring from Jufeng New Materials Vietnam to Congoleum Acquisitions LLC**

	2021-05-11	<b>Congoleum Acquisitions LLC</b> 1254 26th St SE, Hickory, NC 28602, USA <a href="#">company profile</a>	<b>Cong Ty TNHH Jufeng New Materials Vietnam</b> Vietnam <a href="#">company profile</a>	Vietnam	United States	seaway	3918.10.11	SP-07 SPC vinyl flooring, <b>TX180</b> Engineered vinyl flooring 1520*228*6/0.5, 101711039, 100% brand new
---	------------	--	--	---------	---------------	--------	------------	--

**Figure 2: Product sold by Congoleum Acquisitions LLC that includes the same product number (TX180) as in Jufeng shipping record**

The screenshot shows the Congoleum Flooring website. The header includes the Congoleum logo, a 'Find a Store' search bar with a 'Postal Code' input and a 'Go' button, and a 'Search' bar with a 'Search...' input and a 'Go' button. Below the header is a navigation bar with links: 'Luxury Tile & Plank', 'Luxury Sheet', 'Commercial', 'About', and 'Store Locator'. The main content area displays product information for 'Timeless by Congoleum: Triversa Prime'. The collection is 'Oak Grove', the color is 'Warm Gray', and the SKU is 'TX180'. Under 'PRODUCT DETAILS', it lists: 'Pattern Size: 9" x 60"', 'Style: Wood', 'Wearlayer: Urethane', 'Installation: SmartLock Clic', and 'Warranty: Lifetime Residential Limited Warranty'. There is an 'Order a Sample' button. To the right of the text is a photograph of a modern interior space with two orange armchairs and a wooden coffee table on a light-colored wood-grain vinyl floor.

Congoleum appears not only to sell Jufeng’s products directly, the company also seems to sell them to other businesses that sell to consumers. American Carpet Wholesalers (ACW), for instance, sells products matching the product code in Jufeng’s shipments to Congoleum. In addition, ACW’s website lists Congoleum as the manufacturer. The same is true of Flooring Store BETA, whose website lists a Travina Prime vinyl flooring matching a Jufeng product code as “by Congoleum.”

Adore Floors

Adore Floors is one of Jufeng’s smaller partnerships, but the company demonstrates how distribution obfuscates the origins of the vinyl flooring Americans buy. Products with codes matching products shipped from Jufeng to Adore Floors are sold by multiple companies on multiple websites - in both the United States and the United Kingdom - with no mention of either Adore or Jufeng. Most of these products are sold under the Luvanto brand. The products and their matching codes are listed in a pdf available on the Luvanto website.

Description Documents

Herringbone flooring often falls under the Parquet flooring category and has been a popular choice of flooring design since the 1600's. Herringbone flooring is the classic rhythmic patterns of herringbone weave that create a nostalgic atmosphere in the home. Each piece of Luvanto Herringbone flooring is hand-crafted by a team of artisans in order to look and feel just like the real thing. Our flooring is inspired by real, living wood and our artists have made an excellent job replicating the beauty of certain types of flooring. Why not use our 3D Room Viewer and see which colours and patterns would suit your home.

**Happy Feet Inc.**

Happy Feet Inc. similarly receives Jufeng products which are eventually sold to American consumers with no mention of Jufeng. Unlike Adore Floors, the companies selling their products largely list Happy Feet Inc. (or Happy Feet International) as the company as manufacturers of the vinyl flooring. Happy Feet also illustrates how the origins of products can become clouded; the same products were found on different websites with essentially identical interfaces and descriptions, but with different company names and contact information.
